FEATURES

Everything a nursery counter needs.

1

Bill in seconds

Pick plants from your own catalogue, set quantities and print a clean bill while the customer waits.

2

Printer included

Every package ships with a billing printer that pairs with your phone, so receipts come out on the spot.

3

Android & iOS

Runs on the phones you and your staff already use, from budget Android handsets to iPhones.

4

Your plant catalogue

Add every variety you sell with its own price and size, then find it fast when billing.

5

Sales at a glance

See what sold today, this week and this month, and which plants bring in the most.

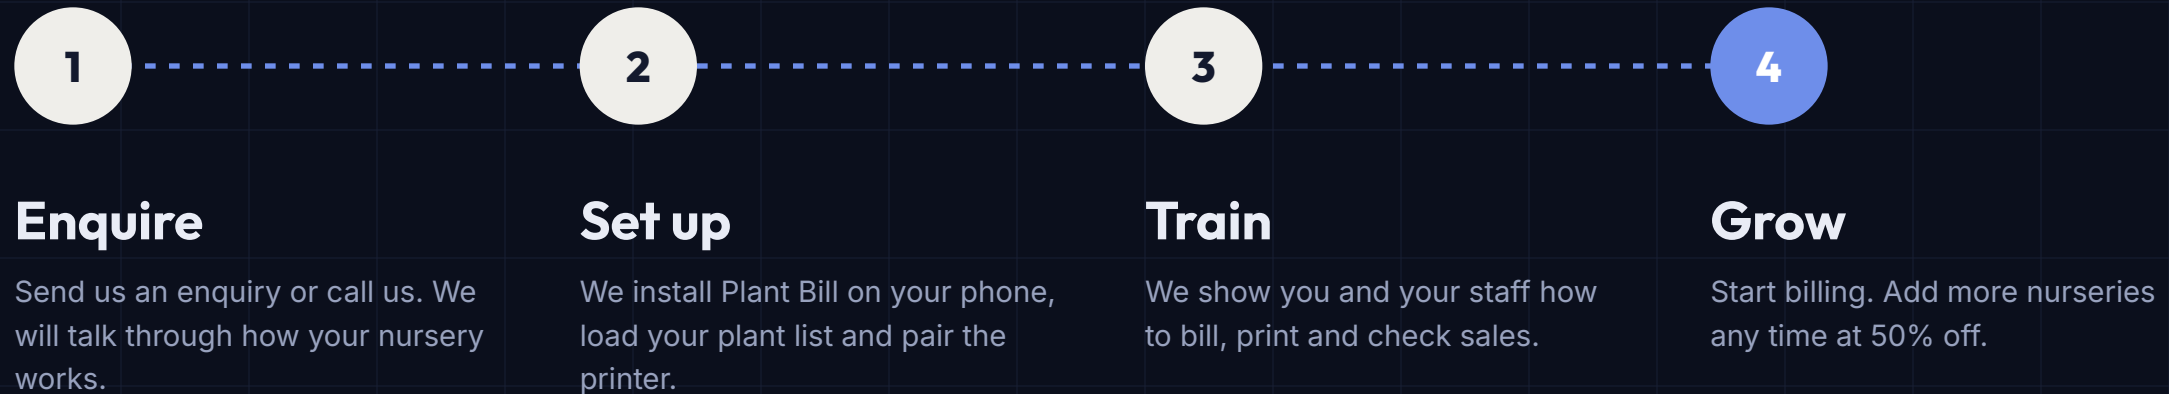

6

Many nurseries, one owner

Run several nurseries under one owner, with each extra nursery at half price.
